Annex C
IOM Data Protection Principles

1: LAWFUL AND FAIR COLLECTION

Personal data must be obtained by lawful and fair means with the knowledge or consent of the data subject.

2: SPECIFIED AND LEGITIMATE PURPOSE

The purpose(s) for which personal data are collected and processed should be specified and legitimate, and should be known to the data subject at the time of collection. Personal data should only be used for the specified purpose(s), unless the data subject consents to further use or if such use is compatible with the original specified purpose(s).

3: DATA QUALITY

Personal data sought and obtained should be adequate, relevant and not excessive in relation to the specified purpose(s) of data collection and data processing. Data controllers should take all reasonable steps to ensure that personal data are accurate and up to date.

4: CONSENT

Consent must be obtained at the time of collection or as soon as it is reasonably practical thereafter, and the condition and legal capacity of certain vulnerable groups and individuals should always be taken into account. If exceptional circumstances hinder the achievement of consent, the data controller should, at a minimum, ensure that the data subject has sufficient knowledge to understand and appreciate the specified purpose(s) for which personal data are collected and processed.

5: TRANSFER TO THIRD PARTIES

Personal data should only be transferred to third parties with the explicit consent of the data subject, for a specified purpose, and under the guarantee of adequate safeguards to protect the confidentiality of personal data and to ensure that the rights and interests of the data subject are respected. These three conditions of transfer should be guaranteed in writing.

6: CONFIDENTIALITY

Confidentiality of personal data must be respected and applied to all the stages of data collection and data processing, and should be guaranteed in writing. All IOM staff and individuals representing third parties who are authorized to access and process personal data, are bound to confidentiality.

7: ACCESS AND TRANSPARENCY

Data subjects should be given an opportunity to verify their personal data, and should be provided with access insofar as it does not frustrate the specified purpose(s) for which personal data are collected and processed. Data controllers should ensure a general policy of openness towards the data subject about developments, practices and policies with respect to personal data.

8: DATA SECURITY

Personal data must be kept secure, both technically and organizationally, and should be protected by reasonable and appropriate measures against unauthorized modification, tampering, unlawful destruction, accidental loss, improper disclosure or undue transfer. The safeguard measures

outlined in relevant IOM policies and guidelines shall apply to the collection and processing of personal data.

9: RETENTION OF PERSONAL DATA

Personal data should be kept for as long as is necessary, and should be destroyed or rendered anonymous as soon as the specified purpose(s) of data collection and data processing have been fulfilled. It may however, be retained for an additional specified period, if required for the benefit of the data subject.

10: APPLICATION OF THE PRINCIPLES

These principles shall apply to both electronic and paper records of personal data, and may be supplemented by additional measures of protection, depending *inter alia* on the sensitivity of the personal data. These principles shall not apply to non-personal data.

11: OWNERSHIP OF PERSONAL DATA

IOM shall assume ownership of personal data collected directly from data subjects or collected on behalf of IOM, unless otherwise agreed, in writing, with a third party.

12: OVERSIGHT, COMPLIANCE AND INTERNAL REMEDIES

An independent body should be appointed to oversee implementation of these principles and to investigate any complaints, and designated data protection focal points should assist with monitoring and training. Measures will be taken to remedy unlawful data collection and data processing, as well as breach of the rights and interests of the data subject.

13: EXCEPTIONS

Any intent to derogate from these principles should first be referred to the IOM Legal Affairs Department for approval, as well as the relevant unit/department at IOM Headquarters.
